

ROUND UP FOR EDUCATION

Customers of PGEC can donate pennies each month to help school teachers purchase extra supplies needed in the classroom. Let the Cooperative calculate your bill (i.e. \$98.35) and round it up to the next even dollar amount (i.e. \$99.00). You can donate the pennies to teachers at your favorite area school. While donations will average about \$8.00 per year, per customer, combined together with other participants you can help raise hundreds of dollars for the teachers.

As of April 2009, accumulated donations total \$23,634!! A cooperative fact: "Working together we can accomplish much".

YES, Sign me up for the Round Up program!
