

ROUND UP FOR EDUCATION

Members of PGEC can donate pennies each month to help school teachers purchase extra supplies needed in the classroom. Let the cooperative calculate your bill (i.e. \$115.42) and round it up to the next even dollar amount (i.e. \$116.00). You can donate the pennies to teachers at your favorite area school. While donations will average about \$8.00 per year per member, combined together with other participants you can help raise hundreds of dollars for the teachers.
